Access podcasts, infographics & other football resources from around the world in various languages.

Futbol Lingo for Education

In the professional realm, we specialise in assisting players and coaches in bridging language barriers through our Football Language (FL) App. In the educational sphere, our mission is to provide tailored, football-themed language learning experiences within schools, colleges, and universities, with the aim of igniting a passion and inspiring a generation of linguists.

WHAT WE OFFER

We offer schools bespoke, institution-tailored football themed language events. Our unique & unrivalled student experiences will open your learners' eyes to the world of languages in the football industry and the multitude of possibilities therein. We take students on a journey beginning with the history of football, globalisation of the game, influx of overseas talent & the current multi-lingual landscape across the world's top leagues. We use real life stories, player/coach examples & other media to inform & inspire. Our football-themed language workshops are packed with cross curricular links, including Maths, Science, Geography, History, PE specifically targeted at the disengaged and hard to reach students (available in Spanish, French & German). The practical football sessions add a bit of fun and really help reinforce consolidate the key terms and phrases that they will have learned.

Our events can include:

- Motivational talk (in-person)
- Classroom-based workshops (In target language)
- Practical workshops (In target language)
- Guest speaking (virtual)
- Access to the Futbol Lingo App - Football specific language learning platform for players/coaches
- & more!

The team delivering our events have unique CV's & elite level coaching experience which will provide worthwhile learning opportunities for your students.

Our illustrious team consists of ex-players, current UEFA Licenced coaches, former MFL teachers and over 6 languages spoken between them.

GET IN TOUCH

Could one of your students be the next José Mourinho or Pep Guardiola (Multilingual football coaches), Fabrizio Romano (Multilingual sports journalist) or Kate Abdo (Multilingual Broadcaster)? If you feel this unique service would capture the imagination of your pupils & please get in touch to and let us know if or and how we could support your MFL department and highlight the importance of languages not just in the football industry, but as a whole.
