How does it work?

You'll join a group of up to 100 young people (18-25-year-olds) from across Newcastle—some working, some unemployed, some studying, some campaigning, some volunteering. Over two days, you'll engage in a vibrant exploration of diverse perspectives within the place where you live. Discover the richness of experiences that shape us, reflect on your driving forces, and learn to tackle significant challenges by asking impactful questions, enhancing your curiosity as your superpower.

You will also craft your personal brand and storytelling skills to captivate hearts and minds, navigate the complexities of intergenerational leadership, unlocking transformative change through collaboration. At the end of the programme you will share your vision in the interactive Marketplace, presenting your thoughts and blue sky thinking and getting real time feedback from leaders and peers.
