

Technology in Language Teaching (TiLT)

**A FREE TO ATTEND in-person event for MFL teachers
hosted by:**

Dear Head of Modern Languages

On behalf of **Newcastle University**, I would like to invite you to the TILT show, an **in-person FREE TO ATTEND** one day event on Technology in Language Teaching in association with Sanako UK on;

Wednesday 02 July 2025

Newcastle University, The Language Centre, Old Library Building,

Newcastle Upon Tyne, NE1 7RU

The seminar is a series of sessions that focus on improving **speaking, listening** and **pronunciation** skills for your language students. A keynote presentation will be delivered by **Wendy Adeniji** (MFL & School Improvement Consultant) offering advice, ideas and discussion sessions around the GCSE requirements for MFL.

This **new MFL GCSE** event is a great opportunity, in particular to make the MFL GCSE more accessible to mid and low prior attainers and students who lack motivation and a sense of success in learning a language. In this practical hands on event, find out how you can make the most of the opportunities offered by the exam specification and what you can do now to make your KS3 curriculum more accessible with more opportunities for revisiting prior knowledge.

Delegates will also have the opportunity to learn refreshing ideas for teaching the core skills of speaking, listening and pronunciation with hands on use of ICT and the fantastic MFL facilities available at Newcastle University. Further details can be found in the attached agenda.

As places for this **free event** are strictly limited, should you wish to attend, please register your interest now by emailing uquiries@sanako.com with your name, school, email address and which TiLT event you would wish to attend e.g. Newcastle University. Alternatively you can register online www.sanako.co.uk/Technology-in-Language-Teaching-TiLT-Events/ . If you have any questions please do not hesitate to contact us.

We look forward to meeting you on 02 July 2025.

Yours sincerely

David Binns and Wendy Adeniji
